Hiring organization

Arise Autism Center

Registered Behavior Technician (RBT)

Description

We are looking for employees that are positive and energetic with a passion for working with individuals with autism and other developmental disabilities. Registered behavior technicians in the clinic and at home program provide direct services to clients and their families by implementing treatment plans based on Applied Behavior Analysis to improve the client's quality of life. We serve families at out clinics located at Lake Mary, Sanford and Clermont, FL.

Responsibilities

- Implement individualized programs for individuals with autism that are based on the principles of ABA to increase communication, daily living skills, social skills, play skills
- Modify antecedents/triggers in the environment as well as consequences for behaviors to decrease problem behaviors while teaching appropriate alternative behaviors
- Implement Behavior Intervention Plans (BIPs) to manage inappropriate or problematic behaviors when they occur
- Consult with Board Certified Behavior Analysts to ensure the highest level of treatment integrity
- Facilitate communication between caregivers, behavior analysts, and coworkers
- Record data on client's behaviors and progress on a continuous basis
- Maintain a professional and courteous relationship with clients, families, and coworkers
- Maintain and respect client confidentiality

Qualifications

- High school diploma or equivalent
- Must have reliable transportation to travel to homes
- Ability to pass a state and federal L2 background check

Job Benefits

- Competitive hourly rates based on experience
- Full-time in-clinic hours
- Generous paid time off
- Health Insurance
- Vision Insurance
- Dental Insurance
- 401K Plan
